

14-15 OCTOBER 2021

**ROAD SAFETY CONFERENCE
UNIVERSITY OF NAIROBI**

REGISTRATION

General admissions (20 USD or 2,000 KES); Graduate engineers (20 USD or 2,000 KES); and Professional engineers (50 USD or 5,000 KES)

ROAD SAFETY CONFERENCE

The Annual Road Safety Conference hosted by the University of Nairobi – Civil Engineering Department will be held virtually on 14th and 15th October, 2021. This is an opportunity to share your work, network and listen to professionals and international colleagues within the road safety space.

Road Safety practitioners at all career stages will make presentations and share a stage during panel discussions.

THEME

The theme of the conference is ***Providing Safe Streets for all Road Users***

SUB-THEMES

- 1) Safe systems approach to road safety
- 2) Road safety management pillars
- 3) Road Safety Advocacy and Awareness Creation
- 4) Road Safety Research and Innovation
- 5) Road Safety Management and post-crash care
- 6) Safe road, safe speeds, safe vehicles and safe road users

ABOUT

**CONFERENCE | NETWORKING
EXPO | SOCIAL**

The decade of action (2011-2020) on road safety failed to achieve the target of reducing road traffic deaths by 50%. In order to achieve better road safety outcomes, a collaboration between Academia, Governments, Manufacturers, Non-governmental Organizations, Academia, Road Agencies and Road Users must be formulated.

This two-day conference offers discussion, debate, exhibitions, and the chance to interact with hundreds of like-minded professionals for better road safety.
